UNDERSTANDING THE LOTTERY

Open Application

Charter schools are required by law for the application to be open at least 30 days before holding an enrollment lottery. The enrollment lottery ensures fairness by assigning a random order for applications.

The Life School application for new enrollment opens February 1-24, 2025.

The lottery is held on February 27, 2025.

Waiting List

Once all spaces are filled, families are placed on the waiting list. Applications received after the lottery are added to the waiting list in the order they are received.

New Applications After Lottery

New applications, after the lottery is complete, are offered enrollment or added to the waiting list in the order that they are received.
